Lenovo recommends Windows 11 Pro for business

www.lenovo.com

Introducing **Windows 11**, an OS designed for hybrid work. Built on the familiar Windows foundation but reimagined to boost employee productivity and enhance collaboration on the most secure version of Windows yet. It is more productive, more collaborative and consistent for IT, and secure for all.

IMPRESSIVE PERFORMANCE FROM PROCESSOR TO PORTS

AMD Ryzen™ Processors: take your performance up a notch with the latest AMD Ryzen™ 5000 series mobile processors. Power through everyday tasks and **tap into your workflow** with ease, whether you are coursing through a complex document or mining data.

Enhanced Memory and Storage: up to 16GB of LPDDR4x dual-channel memory lets you swiftly multitask across applications. Up to 1TB of PCIe Gen4 SSD storage with up to 2.75x faster performance than its predecessor gives you the impetus to access heavy software and render bulky files without a hitch.

Smart Power On Login: log in and unlock your device with just a touch. The Fingerprint Reader integrated on the power button also keeps your device and data safe from unauthorized users.

Advanced Connectivity: the multipurpose, full-function USB Type-C provides super-fast data transfers, audio, video, and power delivery, via a single port.

Fast and smooth Wi-Fi 6 capabilities offer 3x more performance than its predecessor, boosting secure transfers, uploads, and downloads even in congested networks.

ULTRAMODERN OUTSIDE, ULTRAPOWERFUL INSIDE

Slim and Lightweight: 14.9mm profile and lighter than the previous gen at just 1.26kg, the Lenovo ThinkBook 13s is ideal for those who prefer being productive on the move. This ultra-portable device can be easily carried around between presentations, meetings, or just from the couch to the study.

Stylish Body: metal covers on three sides give this device a sharp look and sturdy build, whereas the arc-shaped hinge cap ensures the laptop does not slip out of your hand so you can comfortably take it anywhere life takes you.

Dual-tone Design: the professional dual-tone Mineral Grey shade on the top cover adds oomph to this thin, sleek and portable device—making heads turn, whether you are at your desk or on the move.

All Day Battery Life: power that lasts an entire workday on a single charge, Lenovo ThinkBook 13s G3 with a 56Whr battery lets you be productive, free from battery anxiety.

USER EXPERIENCE TO BOOST PRODUCTIVITY

Dynamic Display: enjoy stunning visuals with impressive details from any angle with a 4-million-pixel-strong resolution of up to WQXGA (2560 x 1600). Its 16:10 display with narrow bezels and >90% screen-to-body ratio offers large screen real-estate to minimize scrolls and work efficiently through long-form documents.

Intuitive Experience: Hero Start Screen on Windows 11 with a centered Start, clean layout, and effortless navigation improves your focus with a simpler, more intuitive user experience

Dolby® Vision™: get accurate color reproduction with Dolby® Vision™ and a 100% sRGB color gamut. 300nits of brightness on this IPS display maintains consistency and ensures you work without hassle and **present your best self**, be it in the office, remotely, or even outdoors.

Smart Features: Lenovo ThinkBook 13s G3 powers up by just opening the lid. The device operates smarter with voice-based AI-powered noise cancellation that improves conferencing. Multiple mic setup modes, Harman branded speakers, and **Microsoft Teams integrated into the new Windows 11 taskbar** elevate online meetings to a new level. You can now access contacts, turn on mute/unmute, or share apps with one click.¹

Natural Voice Typing: with the **voice typing feature on Windows 11**, you can instantly turn your ideas from voice to text in any text box.

Efficient Widgets: customizable Widgets on Windows 11 helps you keep track of everything from upcoming meetings and to-do lists to live updates on the news and weather.

¹Coming in a future release; appearance may vary

Recommended Accessories

THINKBOOK BLUETOOTH SILENT MOUSE
PN: 4Y50X888XX

This tiny accessory is a perfect companion for your device. Modern, low profile, ambidextrous design with silent buttons makes it a premium peripheral you won't want to let go of. Get more precision and control with dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400. Equipped with a blue optical sensor with track-on-glass compatibility, the mouse works on any glossy surface.

THINKBOOK URBAN BACKPACK
4X40V26080

A multi-functional backpack with anti-theft pockets ensures security on the move. The padded compartment offers cushioned comfort, while the high-quality fabric and stylish PU leather accent add to its contemporary design.

LENOVO USB-C TRAVEL HUB GEN 2
PN: 4X91A30366

The perfect travel companion to keep you productive and efficient anywhere you go. Loaded with video ports (HDMI and VGA), Gigabit Ethernet Port, and USB ports, you can extend your device, connect to a network, and transfer data with ease. Built to move, this USB-C travel hub fits in your backpack, so you're always prepared, wherever you may be.

SERVICES AND SUPPORT:

ALL-ROUND CARE FOR YOUR
LENOVO THINKBOOK 13s G3

PREMIER SUPPORT

Bypass phone menus and scripted troubleshooting to access advanced-level technicians with the expertise needed to quickly diagnose and solve problems. Get a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.^{1,2}

WARRANTY UPGRADES

Onsite Service maximizes PC uptime and productivity by providing convenient, fast repair service at your place. In addition, with Tech Install CRU service the installation of all internal Customer Replaceable Unit (CRU) parts will be done on your behalf by a trained technician.¹

WARRANTY EXTENSIONS

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your investment, and lower the cost of ownership over time.¹

ACCIDENTAL DAMAGE PROTECTION

Protect your investment from operational or structural damage caused by common accidents like drops, spills, or electrical surges. This protection plan helps with predictable budgeting, minimizes unexpected repair costs and provides significant savings relative to the cost of non-covered repairs.^{1,2}

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind of knowing that your valuable data is secure.^{1,2}
