

# Poly Studio R30 USB Video Bar and BT Remote with HP USB-C Dock G5 (ABB) (9U3T1AA)

## Overview

### Simply better meetings

Transform your collaboration with advanced video capabilities and superb audio quality that are simple for anyone on your team to use. The result is meetings that start on time, increase inclusivity, and improve communication and productivity.

### Smooth meetings

The Poly Studio R30 Plus solution includes a dynamic video bar, easy-connect dock, and remote control to simplify meetings. Anyone can connect their compatible laptop to the video system which makes it easy for everyone in the room to participate [1].

### Reduce wasted time

Eliminate technology headaches with one USB Type-C® cable that easily connects a laptop to the in-room devices and powers your computer. Keep things moving with a remote that lets anyone easily control mute and volume and adjust the camera.

### Boardroom-quality conferencing

Bring stunning video quality and audio excellence to meetings in your smaller rooms. Intelligent camera framing, a wide 120-degree field of view, exceptional voice clarity, and smart noise reduction make collaboration productive [2].

# Features

## Capture every word

The Poly Studio R30 integrated speaker delivers rich, crystal-clear audio, enabling participants to hear every word with clarity. And with the advanced multiple microphone array, participants can be heard clearly and accurately.

## Never miss a moment

Poly Studio R30 with Poly DirectorAI smart camera framing automatically tracks and adjusts in real time, helping ensure everyone is in view and engaged. Whether you're presenting or having a discussion, keep the focus on what matters most—the people.

## Clear resolution

Say goodbye to grainy, blurry video that makes it hard to focus and connect. Poly Studio R30 provides stunning 4K resolution for lifelike visuals that capture every expression, gesture, and nuance for a truly engaging meeting experience.<sup>[3]</sup>

## Impeccable noise reduction

Poly NoiseBlockAI and Acoustic Fence technologies on the Poly Studio R30 reduce background noise and provide an interference-free audio experience.

## Universal docking for laptops

Get to work with a single cable from your USB Type-C®-enabled laptop to your displays and devices, with the versatile, elegant, and space-saving HP USB-C Dock G5.

## Clear the clutter

With the HP USB Type-C® Dock G5 you can avoid a messy conference room table by using a simple one-cord setup that plugs in multiple devices.

---

*[1] The Poly Studio R30+ video conferencing solution includes: Poly Studio R30, HP USB-C Dock G5 and Poly Studio Bluetooth® remote control. Compatible laptop operating systems include Windows 10 and higher.; macOS; Chrome OS™.*

*[2] For optimal performance we recommend using the Poly Studio R30 Plus in a small room approximately 10' x15'/3.05m x 4.57m.*

*[3] USB 3.0 cable required for 4K video, sold separately.*
