

BUILT FOR BIG DREAMS

Compact without compromise

Ultra-thin and light with a cinematic 6.28" display, and available in the latest on-trend colours from Pantone.

64 MP

64 MP camera system with OIS

Capture crystal-clear high-res photos in any light, while eliminating any blur from unwanted camera movement.

Wireless charging²

Recharge without the hassle of wires getting in the way.

6.28" 120 Hz display + Dolby Atmos[®]

Experience over a billion shades of colour on an OLED display, backed by Dolby Atmos[®] multi-dimensional sound.

TurboPower[™] 68 W charging

Get power for the day in just 10 minutes of charging¹.

Powerful Snapdragon[™] 695 5G chipset

Enjoy smoother gaming, more reliable streaming, and the latest photography features while connecting at 5G speeds.³

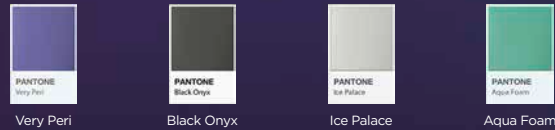

PERFORMANCE

CPU Snapdragon® 695 5G
OS Android™ 12
Memory 8 GB
Storage 128 GB built-in storage⁴

1. Median users can get up to 12 hours of battery life in 10 min of charge. Battery must be substantially depleted; charging rate slows as charging progresses. Based on the median user tested across a mixed use profile (which includes both usage and standby time) under optimal network conditions. Actual battery performance will vary. 2. Wireless charger sold separately. 3. 5G service available with 5G plan. 5G network coverage required; available only in select areas; device not compatible with all 5G networks. Contact your service provider for details. 4. Available user storage is reduced due to many factors, including operating system, software and functions utilising part of this capacity; may change with software updates. 5. Water repellent design creates a barrier to help protect against moderate exposure to water, such as accidental spills, splashes or light rain. Not designed to be submerged in water, or exposed to pressurised water, or other liquids; may diminish over time. Not waterproof. 6. The availability of colour options may vary.
