*Product housing (excluding cable and power supply) is made from a minimum of 72% post-consumer recycled plastic.

[†]Based on internal testing. Belkin Qi2 15W wireless charger charges iPhone 15 from 0-50% up to 2x faster than a Qi 5W wireless charger and up to 1.5x faster than a Qi 7.5W wireless charger. Charge time varies with environmental factors; results may vary.

[‡]Data based on internal lab testing. This stand recharges Apple Watch Series 9 from 0-80% in 45 minutes. Actual results will vary depending on varying factors, including device age, model and usage environment, for individual users.

[§]Belkin has sold more units than any other third-party wireless charging brand since Jan. 2014. The NPD Group, Inc. U.S. Retail Tracking Service, Mobile Power, Charger Wireless, Jan. 5, 2014, to Feb. 11, 2018.

Use of the Made for Apple badge means that an accessory has been designed to connect specifically to the Apple product(s) identified in the badge and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with an Apple product may affect wireless performance.
