

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

DisplayPort - DVI-D cable, black

Article number: see below

The ARTICONA DisplayPort-DVI-D cable directly connects your device equipped with a DisplayPort, to a DVI display device. You will need a DisplayPort output at the one side (graphic card, PC, or notebook) and a DVI-D input at the other end (monitor or beamer). This shielded quality cable with gold-plated plugs ensures a reliable video transmission and allows you to take full advantage of the Single-Link capability (up to 1.920 x 1.080 Pixels at 60 Hz). Please note that the cable only works in one direction: from DisplayPort to DVI.

- Digital video transmission from DisplayPort to DVI
- Shielded cable and plugs
- Optimal signal transmission, gold-plated plugs
- Ideal for notebooks, PCs, or other devices with DisplayPort output

Specifications

Connections	1 x DisplayPort plug / 1 x DVI-24+1 Plug with screws
Standard	DisplayPort 1.1, DVI-D (Single-Link)
Resolution	Up to 1.920 × 1.080 Pixel at 60 Hz
