

Lenovo ThinkCentre

Powerful and flexible for intense data-crunching tasks, the AI-capable Lenovo ThinkCentre M75s Gen 5 small form factor desktop is designed to boost productivity while saving time, effort, and desk space. Lenovo's innovative technology elevates the user experience with new AI-accelerated features that optimize CPU performance, fan speed, and energy use. Because it's easily expandable with the specific components you need, this ultrafast and ultra-responsive device can grow along with your business. Plus, desktop-laptop collaboration is a snap with the optional Smart Cable, allowing you to share device control, data, and screen projection.

Powered by up to AMD Ryzen™ 7 PRO 8000G Series desktop processors for the best compute experience at the lowest power possible, this Lenovo ThinkCentre provides a world-class business PC solution. Experience next-level content creation, thanks to super-fast integrated AMD Radeon™ graphics. Multitask with ease—and peace of mind—with the ability to connect up to four displays, all while Lenovo ThinkShield has you securely covered with end-to-end protection. Plus, AMD and Windows 11 combine to deliver cutting-edge security solutions that are essential for modern business.

AI ACCELERATION

Lenovo's innovative AI-accelerated features enhance performance, taking this business essential to a whole new level of smart. As you check off every task off your daily to-do list, this Lenovo ThinkCentre prioritizes power usage, allocating the boost you need when and where you need it—always learning along the way. And your device will stay as cool as you are, with the AI-driven fan control, which improves your temperature and noise experience. Even power consumption is optimized, enhancing per-watt energy performance for improved sustainability. With our Sustainability Services, Lenovo embeds sustainability into every stage of the device lifecycle, from design and manufacturing to use and return.

PROVEN PERFORMANCE

Powered by the AMD Ryzen™ PRO 8000G Series desktop processor, engineered for ultimate performance and a professional desktop experience, this Lenovo ThinkCentre lets you do more with less. Plus, the super-fast integrated AMD Radeon™ graphics heighten creativity. With dual DDR5 UDIMM support for up to 64GB memory and up to 2TB storage, you'll multitask with ease and efficiency, handling complex data operations, number-crunching, and graphic projects—all at an amazing value. This desktop is also ready to tackle tomorrow, with future-ready features like Microsoft Pluton readiness and Modern Standby. To ensure IT readiness from day one, Lenovo Deployment Services provide a flexible and efficient experience across the organization.

TRUSTED SECURITY

Lenovo ThinkShield security offers a combination of hardware and software solutions to protect your data—and your business. The dTPM 2.0 chip encrypts your passwords and data, while BIOS-based Smart USB protection prevents unauthorized access via peripheral. The Kensington™ Lock slots, chassis e-locks, and more options provide physical theft security. Plus, AMD PRO security delivers multilayered enterprise-grade threat protection with features such as AMD Shadow Stack to help mitigate malware attack and AMD Memory Guard, which enables full memory encryption to help protect sensitive data.

EXPANDABLE PRODUCTIVITY

This Lenovo ThinkCentre offers ample ports and expansion slots to meet your multitasking needs. For innovative desktop-to-laptop collaboration, the Smart Cable provides easy USB-A and USB-C connection to support all your peripherals. Share device control, data, even screen projection between devices with this intelligent feature that supports USB 3.2 data transfer speed. With a variety of pre-installed OS options to customize your way, this impressive device is easy to deploy and easy to manage from both a software and hardware standpoint. Looking for flexible support? With Premier Support Plus, Lenovo engineers are available 24/7/365 for the ultimate IT support experience.

Lenovo Services

Lenovo offers support for your ThinkCentre devices, as well as your commitment to sustainability.

LENOVO PREMIER SUPPORT PLUS

Resolve issues quickly with easy break/fix support with 24/7/365 access to Lenovo expert engineers for a seamless remote fix, boosting productivity, device longevity and supporting circularity. AI-powered proactive and preventive alerts provide insights before issues arise. Benefit from next-business-day onsite labor and parts prioritization*, Accidental Damage Protection for mishaps such as drink spills, Keep Your Drive, and more.

LENOVO CO₂ OFFSET SERVICES

Lenovo CO₂ Offset Service makes offsetting carbon emissions simple and within the control of the customer. We offset the carbon emissions across the average lifecycle associated with each of our devices by providing the option at point of purchase. These offsets help support climate action projects verified by United Nations, Gold Standard®, and Climate Action Reserve.

LENOVO ASSET RECOVERY SERVICES

Lenovo's Asset Recovery Services (ARS) enables secure destruction of data, helps reduce e-waste, and offers a fair market value for your end-of-life IT assets. The service also supports equipment from any manufacturer including PCs and tablets, monitors, servers, phones, printers, copiers, and networking equipment.

Accessories

Lenovo ThinkVision T24i-30

Seize every day with this ample 23.8" FHD IPS screen with 99% sRGB color accuracy. Its 3-side NearEdgeless bezel design delivers 90% STB ratio, and the fully flexible stand provides maximum ergonomic comfort. Expand functionality with the connectivity hub, including multi-monitor support, to optimize multitasking productivity.
