

MC Switching AC Adapter 5VDC3A 3.5/1.35mm

Part No.: 73824

Description

- Switching power supply for world-wide employment
- Highly energy efficient during the voltage conversion, ErP Level VI Compliant
- Input: 100-240V AC, 50-60Hz Output voltage: 5V DC regulated, up to approx. 3A/15 Watts
- Standard DC round plug 3.5mm Outer / 1.35mm inner
- Cable length: approx. 1.5m
- 2 years warranty

With this practical power pack you have the correct wall plug for the socket both at home and abroad. Contains 4 exchangeable power supply plugs for Europe, Great Britain, North America and Asia, the input voltage may be within the range of 100V to 240V.

Features 4 different connectors for use in:

Great Britain
Europe
Hong Kong
Singapore
USA
Canada
Taiwan
Japan
China
Australia
New Zealand
