

Informationen zur Entsorgung und zum Recycling

 The crossed-out wheeled bin symbol means that this product must be disposed separately from household waste. As an end user, you are obliged to dispose the product in accordance with the respective national regulations for separate collection, for example by depositing it at an official collection point. Returning it to the retailer is also possible if the distributor offers voluntary return or is legally obliged to do so. Separate collection is a valuable contribution to the protection of the environment and human health, as the proper treatment of waste equipment avoids potential negative effects caused by the presence of hazardous substances and protects raw materials by recovering them.

In addition, please note that waste prevention makes an even more valuable contribution to environmental protection. Where possible, therefore, in addition to continued own use or repair, handing over to secondary users is an ecologically valuable alternative to disposal.

USB 3.0 Hub 4-port, black

Please read these instructions carefully before using the product and store them properly.

 **ARTICONA**

Introduction

USB 3.0 4-Ports Hub is compliant with USB 3.0 specification and with the stylish appearance. It connects up to 4 USB 3.0 devices to your computer, such as an 2.5"/3.5" HDD enclosure, digital camera, or printers. It also has a Micro B port, which can charge the downstream devices more quickly. It is streamlined, sleek and its compact design is perfect solution for USB port expansion.

Features

- 4 × USB 3.0 ports for easy expansion
- USB Version 3.0 Specification (Super Speed USB), supports data transfer rate of up to 5 Gbps, or ten times the throughput available to USB 2.0 based devices
- 1 × Micro B power connector to give external power for the device, rapid charging with BC1.2 technology, can charge Apple iPad etc.
- Plug and Play, hot swappable
- Backward compatible with Hi-Speed (480 Mbps), Full-Speed (12 Mbps), and Low-Speed (1.5 Mbps)

Specifications

- USB 3.0 Super Speed: 5 Gbps
- 4 downstream and 1 upstream ports
- No driver is required for hub installation
- Supports Windows 2000 / XP / Vista / 7 / 8 / 10 (32/64-bit), macOS 10.x or higher

Packaging Contents

- 1 × Ultra Slim USB 3.0 4 Port Hub
- 1 × 5V2A EU Power Adapter
- 1 × USB 2.0 AM to Micro B Cable with length of 1.5 m

Notes

When the device is put into operation for the first time, check the product or components and their function. Remove the product carefully from the original packaging. Connect the USB 3.0 Hub with a free of USB 3.0 port on your computer. After that, it is possible to connect up to four USB 3.0 enable devices on the hub. If several consumers are connected which require more power than conventional USB devices such as HDDs, it is necessary to connect additional the included power supply via the micro USB cable with the hub and a grounded power outlet.
