TravelMate P6 14

Intel® Core™ i7-1355U processor
14.0" display with IPS (In-Plane Switching) technology
Acer Dust Defender Enhances Thermal Performance
Privacy Panel² Protects Data from Prying Eyes

1. Specifications may vary depending on model and/or region. All models subject to availability. 2. Privacy panel limited to models using FHD resolution.

TravelMate P6 14

The TravelMate P6 is the ultimate thin and light business laptop for mobile professionals. Powered by Intel, it ensures fast performance with low power consumption for longer battery life so you can enjoy a seamless and secure hybrid work from anywhere.

Premium OLED Display

Elevate your hybrid work experience with the brilliant visuals an OLED laptop brings to the table. Enhance productivity with superior brightness, higher contrast imagery, and reduced eye strain thanks to its low-blue light design. Further, the screen provides 100% coverage of the DCI-P3 color space for more vibrant and true-to-life colors.

Next Gen Performance

Powered by Intel this high-end business laptop features a 13th Gen Intel® Core™ i7¹ processor, 16 GB LPDDR5 memory¹, and a 65Wh¹ long-lasting, fast-charging battery¹.

Keeping Dust at Bay

The latest Acer Dust Defender technology allows the fan to blow dust out and minimize dust accumulation so that performance stays strong. The automatic cleaning functionality occurs when you power on your system and after every 6 hours of use.

Optimized Video Conferencing

Simplify video calls with this laptop's FHD¹ IR webcam with privacy shutter, enhanced voice capture with Acer PurifiedVoice's AI-powered noise-reduction, and upward-facing speakers with DTS® Audio.

Faster, Stronger Connections

Featuring 2x2 Wi-Fi 6E you can easily work with this premium business laptop anywhere. You'll also get two USB4 Type-C ports with the latest Thunderbolt 4 technology, enabling multiple 4K displays, power charging, and file transfers up to 40 Gbps.

Security & Privacy

This Secured-core PC lets you enjoy convenient logins with IR facial recognition or the power-on fingerprint reader. Acer User Sensing³ technology locks your screen when you leave, while the privacy panel² helps protect your screen by obscuring viewing angles beyond 90 degrees.

1. Specifications may vary depending on the model and region. All models subject to availability. 2. Privacy panel limited to models using FHD resolution. 3. Acer User Sensing limited to models with IR webcam.

TravelMate Solutions

Be it at home, work, or at the frontline, TravelMate's streamlined selection of laptops offer solutions for the new challenges that professionals face today.

Collaboration

No matter where you are in the world, make use of adaptable collaborative tools to easily get things done together with your colleagues.

Security & Privacy

Protect your privacy and your data from unwanted access with the latest security features and designs.

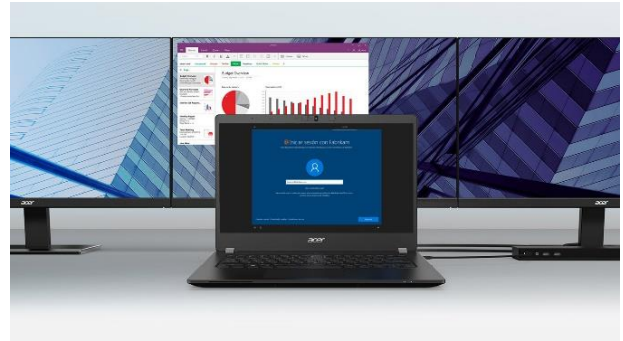

Added Protections

Combine military grade durability, reinforced IO ports, and more for not only a high-performing professional laptop, but one that overcomes all the challenges that work and life throw at it.

Productivity

Combining next-gen hardware, intuitive designs, and highly functional applications, you'll be able to get more done in less time than ever before.

Organizational Efficiency

Optimize resources and save your IT team from undue hassles with highly efficient applications to deploy new devices, secure them, enable remote access, and more.

Sustainability

Acer is committed to creating a green revolution within the technology industry. The TCO certified¹ TravelMate products contain post-consumer recycled plastic, and use 100% plastic-free and recyclable packaging. We ensure that the products we offer are environmentally responsible as well improve your ESG performance.

1. EPEAT® registration and TCO certification vary by model and country. For more information, please search the EPEAT® and TCO registry, or contact your Acer representative.

1. Specifications vary depending on model.
2. Shared system memory may be allocated to support graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by any memory used by the graphics solution and resources required by the operating environment.
3. Memory speed may vary, depending on the CPU, chipset or memory fitted.
4. All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.
5. Not all features indicated are supported on all SKUs
6. 1 GB is 1 billion bytes, 1 TB is 1000 GB. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment.
7. Minor variations in system dimensions are possible due to the manufacturing process.
8. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.
9. Actual battery life may vary considerably by specifications, depending on product model, configuration, applications, power management settings, operating conditions, and features utilized. Performance variation also arises based on components in use, which includes but is not limited to the processor, RAM capacity, storage, display and resolution, etc.
10. Bundled software may vary depending on hardware configuration, OS and regional availability.
11. MIL-STD 810G/H is a testing protocol conducted in controlled settings and does not guarantee future performance in all situations. Do not attempt to simulate these tests, as damage resulting from this will not be covered by Acer's standard warranty.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region.
As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.

What We Offer

Innovative Solutions*

Acer offers a range of unique services that simplifies everything from purchasing your product with Acer Device as a Service (DaaS) and trade-in programs to deploying and managing your device with Acer Office Manager and Acer ProShield Plus.

Guaranteed Peace of Mind*

All TravelMate products include a minimum one-year International Travelers Warranty. Depending on your region, you can extend this warranty for up to 5 years while also taking advantage of additional coverage for the battery, data recovery, media retention, and insurance for accidental damage.

Award-winning Service*

Our award-winning service model allows us to quickly and efficiently support your business to meet challenges head-on. With more than 3,000 service and repair centers in 160 countries and regions, Acer for Business provides round-the-clock access to skilled and experienced technicians across the globe.
