

Flipchart MAULsolid, round base

- **Sturdy round-base model, for budget-conscious buyers**
- **Designed by MAUL: Developed and engineered in Germany**
- **Intertek GS mark**
- **Practical: Two paper holders, fold out from the sides and hold papers in place with magnets, made of sturdy steel, e.g., for written-on flipchart sheets**
- **Sturdy construction: Base Ø 63 cm and column made of heavy-duty steel tubing**
- **Mobile: Easy to move without exerting force thanks to the round shape of the base and the 5 lockable casters**
- **Adjustable: Board height is infinitely adjustable from 178 cm (lowest position) to 196 cm (highest position). Convenient to operate from the front; does not drop unintentionally**
- **Strong: Cover flap made of anodised aluminium can be used as a tear-off edge for the paper**
- **Triple use: board made of coated steel sheet, suitable for magnets, writable and dry wipe**
- **Board 66 x 97 cm**
- **Versatile: individually slidable pad holders for all normal pad sizes (pad art.-no. 638 78 02)**
- **Cover flap with spring mechanism for pressing the pad flat and keeping the flap open to change the pad**
- **Well equipped: full width tray made of shock-proof plastic for flipchart accessories, markers etc.**
