ViewFinity S6 – S65TC

LS34C650TAU

Key features

1000R ULTRA WQHD

Ultra-WQHD in 1000R curvature: Immerse yourself in enhanced productivity for all your projects. A 34" 1000R curved display surrounds you with a 21:9 aspect ratio. The curve closely matches the human field of sight, so you can maximize your screen real estate and reach new levels of productivity with less eye strain.

HDR HIGH DYNAMIC RANGE

1 billion colors with HDR10: See a wider gamut of colors for stunning accuracy and detail. HDR10 provides near limitless hues and true-to-life color representation, with darker darks and the brighter brights. Every piece of content becomes a joy to look at and can be experienced exactly as intended.

Versatile connectivity: Ditch the clutter with multiple ports. Power devices with 90W charging and transmit data at the same time with Thunderbolt™4 connectivity. The HDMI, DisplayPort and USB 3.0 Hub keep you connected to your devices, while a LAN port lets laptops without a port to connect to the monitor for Ethernet use.
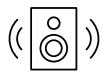

Built-in speaker: Work, learn and play without the need for additional peripherals. With built-in speakers, you can free up desk space by minimizing the connections needed for a more efficient working environment, while ensuring you can listen to your favorite content with ease.

SAMSUNG

SAMSUNG

All tests and measurements were conducted by Samsung internally.

[1]Eye Comfort Validation by TÜV Rheinland: Samsung Curved Monitor was validated by TÜV Rheinland, the worldwide recognized certification institude in Germany. TÜV Rheinland tested the performance of Samsung Curved Monitors on reducing picture distortion and increasing eye comfort. 80% of participants in the eye comfort test has chosen comfortable for curved monitor. Intelligent Eye Care is certified by TÜV Rheinland. For more details, visit **www.tuv.com**.

[2]Based on internal testing data of S80PB, S80TB and T45F monitors only. Testing compared energy usage of these models with Eco Saving Plus mode, also known as Save Energy on newer models, switched on high setting and switched off. Actual energy savings may vary based on usage conditions, brightness levels, and model selected. Eco Saving Plus is not available in Dynamic Contrast Mode, Game Mode, Eye Saver Mode, or when PIP/PBP Mode is on.

[3]See **www.tcocertified.com** for more information.

[4]See **www.epeat.net** for more information.

[5]All models are staple free. All recycled plastics used in our monitors are chemical spray-free.
