

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

Patch Cable RJ45 S/FTP Cat6a Black

Article number: see below

The new Articona patchcables are especially suitable for outdoor applications. The cables consist of a Cat. 7 raw cable with a flexible TPE jacket and can be used for fast data transmission as well as PoE power transmission. The cables are halogen-free, low smoke and flame-retardant as well as UV, oil, temperature, and water resistant.

- Patchcable suitable for outdoor use
- Cat. 7 Raw cable with AWG 26 bare copper conductor and flexible TPE outer jacket
- Flame retardant (IEC 60332-1), halogenfree (IEC 60754-2) and low smoke (IEC 61034)
- UV-, Oil- and water resistant
- Temperature ranges from -40°C to +80°C
- RoHS and REACH compliant

Specifications

Product type	Patch cable (RJ45)
Colour	Black
Cable category	Cat6a
Shielding	S/FTP (PiMF)
Pin assignment	Straight-through
Class	Price / performance
Connector manufacturer	ARTICONA
Halogen-free	Yes
LED	No
Special features	Very flexible Suitable for outdoor use
