

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

ARTICONA VGA cable 5 m

Article number: 799775

Ultra Flex cables from ARTICONA are particularly well suited for special applications. Thanks to high-quality material, the cables are particularly suitable for moving applications in various fields of application such as retractable displays or special applications in industry. The durability of Ultra Flex cables under difficult conditions is 10 times higher compared to standard cables.

- ULTRA FLEX monitor cable, DB15HD male to DB15HD male
- Highly shielded RF-BLOK connector housing
- For small bending radii and improved installability
- Significantly longer durability compared to standard cables
- Applications e.g. ceiling lifts, for beamers, swiveling / retractable displays
- Particularly suitable for media and event technology
- Also suitable for special applications in industry
- Up to 30 m cable length without repeater
