USB-C™ Monitor Cable

For Device:

- Compatible with DisplayPort™ enabled USB-C devices/ports
- Compatible with Thunderbolt™ 3 enabled USB-C devices/ports
- USB-C smartphones/tablets/laptops with a video-enabled USB-C port

SMART, SHARP, AND SUPER-FAST

Connect your USB-C laptop to a USB-C monitor and enjoy 100-watt charging, high-definition audio/video, and fast data transfer, with just one smart cable. Fully USB-IF certified, it can deliver power to your laptop up to 100 watts, eliminating the need for an additional charge cable. With full audio and video support for 4K at up to 60Hz, the picture loads fast and stays sharp. It also supports USB 3.1 Gen 1 for data transfer up to 5Gbps.

PRODUCT STORY

- Research: Audio/video market growing year-on-year (18% in B2B segment). Announcements of USB-C monitors launching Spring 2016 include Acer, Lenovo, and LG.
- Market requirement: Alleviate consumer pain points with a single cable with the ability to power a laptop, transmit 4K audio/video, and transfer data simultaneously at up to 5Gbps. Compatible with USB-C monitors and laptops.

At a Glance:

- Supports up to 100W of power
- Supports 4K@60Hz resolutions
- Supports USB 3.1 Gen 1 transfer speeds (5Gbps)
- Robust high-polish polycarbonate over-mold
- Flexible TPE cable jacket
