

PFW 4210 Display wall mount tilt

Article number (SKU)
Colour

7042100
Black

Key Benefits

- Easy to install
- Stylish design
- Theft prevention

The PFW 4210 locking tilting wall mount helps protect flat panel displays in public areas against theft. The PFW 4210 mount is especially designed for hospitality and public areas that cannot be continuously supervised. The locking mechanism securely locks the display in place, while still allowing easy access to the display or TV for servicing. The lock also prevents the display from being accidentally knocked off the wall. For displays mounted high on the wall, tilting the display forward helps create a better viewing angle. The PFW 4210 tilting wall mount, 54 mm deep, can tilt up to 15° in steps of 5°. The PFW 4210 is suitable for 19 to 42 inch displays weighing up to 30 kg.

Vogel's Professional products are designed for quick and easy installation. All 4000-series products are TÜV5 certified. Offering maximum safety in any public space or hotel environment.
