Key features

Flat IPS panel: Preserve color vividness and clarity of multimedia contents across every inch of the screen through 178° of wide viewing angle.

Borderless monitors: Minimal bezel brings maximum concentration. The virtually borderless screen shows a full picture and looks almost gapless when used in a dual-monitor setup. See more at once with fewer distractions.

Eye Saver Mode: Eye Saver Mode smartly reduces blue light emissions, helping prevent eye strain, to keep you comfortable and productive for longer.

Flicker Free: Specially designed to produce a single continuous light source, protecting eyes from the constant strain of screen flickering on conventional monitors.

The perfect pose
