

Wireless Charger

00201736 Wireless Qi2 Charger, Inductive Fast Charging in the Car, 15 W, black

Highlighttext:

- Wireless, efficient and safer than ever with the new Qi2 charger for fast charging: sleek inductive car charger with Qi2 wireless charging featuring precise, magnetic alignment - simply place any compatible smartphone on the charger and charge it wirelessly in the car
- The combination of wireless charging and magnetic mobile phone holder makes access to the smartphone easier. The device is securely attached without tedious tangled cables
- The ball joint allows the angle of inclination of the smartphone holder to be adjusted individually. The mobile phone can also be rotated 360° on the holder and positioned in portrait or landscape format
- The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment
- Universal Qi2 standard: the induction charger works with all original Apple MagSafe products and Hama mobile phone cases with a magnetic ring, as well as with all Qi2-compatible devices
- High-quality and robust metal housing with rounded aluminium edges for an elegant look
- Wirelessly charge smartphones and other compatible devices with Qi2 technology
- Wireless fast charge technology guarantees extremely fast charging
- Smartphones in magnetic wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away
- Connected devices are automatically detected and optimally charged
- Charging process optimized for the device which guarantees maximum charging speed
- Optimized charging process saves the battery thus extending its service life
- Qi2 charger in an attractive design looks good, feels good and fits perfectly into any cockpit in a discreet black anthracite colour
- The smartphone can be affixed horizontally and vertically in the magnetic mobile phone holder, making it ideal for use when navigating
- No other attachments to car holder required. The smartphone is secured to the magnetic ring
- Wireless fast charge: fast charger with charging speeds of up to 15 W
- Charging begins automatically after the smartphone is docked
- To end the charging process, simply remove the smartphone from the wireless charging pad
- Safe and intelligent charging: Overcharge, overvoltage and short circuit protection as well as foreign body recognition for maximum safety for smartphones, batteries and chargers
- Power supply via recessed USB-C socket so that the plug does not protrude annoyingly

System Requirements:

- With wireless charging technology based on the Qi2 standard-compatible device (e.g. smartphone, AirPods, etc.)

Note for Consumers:

This charger features the original Qi2 certification, which guarantees that the charger meets the Qi2 standards in terms of performance and safety.

Please check the product information or operating manual of your device or contact the manufacturer to see whether your smartphone supports Qi2.

Technical characteristics:

- Colour: Black
- Shade of colour: Black
- Connection: USB-C-Connector
- Input: 5V/3A, 9V/2,22A
- Charge Technology: Wireless Fast Charge
- Input Voltage Range from/to: 5-9 V
- Qi certification: Yes
- Upload Speed: Fast Charge

Wireless Charger

00201736 Wireless Qi2 Charger, Inductive Fast Charging in the Car, 15 W, black

- Additional Functions: Magnetic
- Diameter: 60 mm
- Height: 29 mm
- Weight: 141 g
- Input Voltage 1 / Max. Input Current 1: 5 V / 3 A
- Input Voltage 2 / Max. Input Current 2: 9 V / 2.22 A
- Max. Output Power: 15 W
- Required accessories: Vehicle Charger
- Recommended Use: Smartphone
- Suitable for: Handy
- Usage: Smartphone

Delivery:

- 1 wireless Qi2 charger
- 1 USB-C cable
- 1 car charging adapter
- 1 instruction manual
