

Lightning Audio + Charge RockStar™

Made for iPhone 7, iPhone 7 Plus, any Lightning device that runs iOS 10 or later

Works with MFI-certified USB to Lightning cables

Works with MFI-certified Lightning Audio headphones

LIGHTNING AUDIO + POWER

The Lightning Audio + Charge RockStar makes it possible to listen to Lightning Audio while charging your iPhone 7 and iPhone 7 Plus. Enjoy music or talk through Lightning Audio headphones while you charge. Use the RockStar anywhere; at home, at work, in the car or on the go.

PRODUCT STORY:

- With the removal of the 3.5 mm headphone jack, consumers will need an adapter if they want to use Lightning Audio and charge at the same time.
- In the car, the adapter allows for charging and connected headset use simultaneously.
- When on the go, the adapter allows for a portable battery and Lightning headphones to be used simultaneously.
- The adapter supports up to 24-bit 48kHz lossless output.

At a Glance:

- Dual functionality to listen to Lightning Audio and charge at the same time
- Supports pass-through charging up to 2.4amp for iPhone and iPad
- Supports up to 48 kHz, 24-bit audio output
- Compatible with Lightning Audio headphones[†] and the Apple Lightning to 3.5 mm Headphone Jack Adapter
- Supports remote control and microphone from Lightning Audio headphones
- Works with Apple iPhone 7 Smart Battery Case
- Made for iPhone + iPad

Lightning Audio + Charge RockStar™
