

DRIVE PRODUCTIVITY, ANYWHERE

Smarter
technology
for all

Lenovo

Introducing **Windows 11**, an OS designed for hybrid work. Built on the familiar Windows foundation but reimagined to boost employee productivity and enhance collaboration on the most secure version of Windows yet. It is more productive, more collaborative and consistent for IT, and secure for all.

Lenovo V15 G2 IJL LAPTOP

Version 1.0 | October 2021

Designed for the modern office, the Lenovo V15 G2 IJL is a work companion that gets it right. It is equipped for employees working from anywhere, as is the norm today, with features that are best suited for mobile productivity.

Delivering the latest in performance courtesy of the latest 11th Gen Intel® Processor, speedy memory, integrated graphics, and rapid storage options, the V15 offers a smooth workday. It is made for those who need to create scripts, put together pitches, devise presentations, and take calls on the go. The lightweight construction and durable build quality is a sure step up from the mundane office laptops of years past.

Lenovo recommends Windows 11 Pro for business

Lenovo

intel

Strong Performance: running on the latest gen Intel® processor, Intel® integrated graphics, and **all-new Windows 11 OS**, the V15 G2 IJL brings reliable processing power and seamless user experience to the table.

Modern, Sleek Design: it weighs a mere 1.7kg/3.75lbs. and is only 19.9mm thick with a 15-inch FHD IPS panel and 88% STB ratio. The device comes in a black special texture finish. Moreover, **a centered Start, clean layout, and effortless navigation on Windows 11** improve your focus.

Superfast Memory and Storage: up to 8GB of memory keeps every click responsive. Dual drive* M.2 PCIe SSD of up to 256GB and up to 1TB HDD ensure speedy access to files and vast storage capacity as needed.

Range of Ports: connecting to a range of peripherals, be it in the office or when working remotely, is a non-issue through the wide range of I/O, including USB Type-C**, HDMI, and RJ45 ports.*

Enhanced Meeting Experience: meet online with confidence, keeping the background in the background with **intelligent noise canceling and blur. Microsoft Teams integrated into Windows 11** helps you share content straight from the taskbar and use the instant-mute/un-mute for better meetings.

ITDM Benefits

Manageability: the Lenovo V15 G2 IJL is made to be familiar and easy to use, simplifying its deployment and management within the existing IT infrastructure.

Productivity: up to 11th Gen Intel® Celeron® or Pentium® Processors, a wide array of ports, and Windows 11 keep employees efficient for longer.

Security: data protection comes with the firmware-based Trusted Platform Module (TPM) 2.0 that encrypts critical information, always protecting data, in the office and on the go. All new **Windows 11** devices come with **powerful built-in security, including hardware isolation, encryption, and malware protection.**

Convenience at Hand: connect to business-grade Lenovo support services with the click of a button. The dedicated Service Hot Key on the F9 function key provides access to warranty information, self-service options, and more. With **Cloud-managed updates on Windows 11—deploy, secure, and manage remote devices** through the cloud, in compliance with your company's policies.

SERVICES

PREMIUM CARE

Is the hassle free solution for all your technical support needs. With this front of the queue and straight to the experts customer support service, Lenovo provides you peace of mind and faster solutions, allowing you to get the best from your new device.

- Real person
- Real fast
- Hassle free
- PC health check

WARRANTY UPGRADES

Onsite Service maximizes PC uptime and productivity by providing convenient, fast repair service at your place. In addition, with Tech Install CRU service the installation of all internal Customer Replaceable Unit (CRU) parts will be done on your behalf by a trained technician.¹

WARRANTY EXTENSIONS

This fixed-term, fixed-cost service help you accurately budget for PC expenses, protect your investment, and lower the cost of ownership over time.¹

ACCIDENTAL DAMAGE PROTECTION

Protect your investment from operational or structural damage caused by common accidents like drops, spills, or electrical surges. This protection plan helps with predictable budgeting, minimizes unexpected repair costs and provides significant savings relative to the cost of non-covered repairs.^{1,2}

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind of knowing that your valuable data is secure.^{1,2}

¹ Up to 4 years total duration

² May not be available in all regions

*Optional

**USB Type-C supports only data transfer

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration and operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
