

Pulse/Sport Watch

00178607 "Fit Watch 6900" Smartwatch, GPS, Waterproof, Heart Rate, Calories, Sport

Highlightstext:

- Smart watch and fitness tracker with integrated GPS to monitor and optimise physical functions for a healthy lifestyle and active sport
- You want to know exactly: display your exact route while jogging, cycling or hiking with the integrated GPS - no smartphone required
- Don't miss a message ever again: notifications via vibration alarm and display with message preview for WhatsApp, Facebook, SMS, calls, e-mails and much more
- Whether in the rain or the pool: protection class IP68 means that the water-tight fitness tracker is suitable for all activities in and on water
- Swipe like on a smartphone: user-friendly, full-colour 1.3" Full Touch LCD display for a quick overview of all functions
- Jogging, football or yoga: choose from 9 types of sport and obtain an analysis based on your choice
- Keep an eye on your pulse 24 hours a day: continuous heart rate measurement even during periods of rest and sleep
- Sweet dreams or turning thoughts over in your head: with the sleep analysis function, know exactly how your deep sleep, dream and waking phases are divided up
- The sporting success for all eternity: keep a memory of your personal bests - with the remote trigger function, you can control your smartphone camera for the perfect selfie
- With sound, everything runs better: Control music from the smartphone via the fitness watch, e.g. Start/Stop, next track and previous track
- You can rely on this app: "Hama FIT" is quality assurance-tested and every function has been extensively checked in Germany
- No more couch potato: the exercise reminder pushes you to new peak performances after a pre-set time
- A daily goal of 10,000 steps: using the step counter, accurately track how many steps you take in a day
- Sporting daily calorie balance: on the display, see how many calories you have burned in total and in the app when you burned the most calories
- 5-day run time - one battery charge: record up to 5 days of activities with just one battery charge, and be ready for the next challenge after just three hours of charging
- 9 types of sport can be stored on the sports watch
- Set sporting goals with the timer or stopwatch, e.g. 15 minutes of stair climbing or time the length of your sprint - it counts with the step counter too
- Thanks to a drink reminder, ensure you keep the ideal fluid balance
- The remote-control release for the smartphone camera can be operated by pressing the side function key or by touching the display
- Perfectly networked: in combination with Google Fit and Apple Health, get even more analyses for a healthy lifestyle
- The display brightness is adjustable so that it can be adapted to any lighting conditions
- The duration of the backlit display can be adjusted so that all information can be read at leisure
- The right display for everyone: choose from various display designs
- The display is activated by an upwards arm movement
- Be gently woken up with vibrations
- Do not disturb mode so nothing distracts you - either during sport or at the office
- Locate a mislaid smartphone with the telephone search function
- The app's search function allows you to find the smart watch wherever it is
- Convenient charging with Magnetic Charge - the charging cable supplied is connected to the smart watch via a magnet
- Special fitness strap, lightweight and pleasant to wear
