

HP Color LaserJet 2600 Printing Supplies (Q6000A, Q6001A, Q6002A, Q6003A)

Reliable and hassle-free colour

- Designed together for HP quality, reliability and value. Years of expertise in HP LaserJet technology means HP can match leading colour imaging technology in the printer to reliable HP print cartridge technology, making colour simple and hassle-free.

Print quality

- Make your point. HP Smart Printing Technology* in HP Color LaserJet supplies and the printer makes automatic adjustments to optimise print quality and enhance reliability. You get professional colour every time you print. Colour that makes your point clear.

Higher productivity

- Save time and lower overall printing costs with HP Color LaserJet 2600 Printing Supplies. HP's reliability means less time wasted on printing problems, higher productivity and more cost-effective printing.

* Using genuine HP supplies ensures availability of all HP printing features.

It's simple. HP Color LaserJet Printing Supplies and the printer are designed together for HP quality, reliability and value. Years of expertise in HP LaserJet technology means HP can match leading colour imaging technology in the printer to the reliable HP print cartridge design with HP Smart Printing Technology*, making professional-quality colour simple and hassle free. And that's great value.

HP Color LaserJet 2600 Printing Supplies

Improved electro-photographic process

Dynamic electro-photographic adjustments constantly optimise the print process to ensure consistent toner particle distribution throughout the stages of the print cartridges's life, ensuring consistent print quality from the first page to the last. Upon cartridge installation, information about the initial sensitivity of the drum is registered and stored, so minor fluctuations of the photosensitive drum can be accurately adjusted.

Smart printing features available with the HP Color LaserJet Smart Print Cartridges for the 2600 printer.
