19" wall cabinet acoustics significantly reduces the noise of switches and other hardware by about 15 dB.

Lehmann one-piece network racks are developed for demanding data center environments. It fulfills high density cabling and data center requirements. To achieve optimum versatility within the cabinet, users can set multiple depths throughout the cabinet by adjustable 19" mounting rails mounted on heavy duty side supports. Horizontally divided side panels provide ease of access and convenient post-installation maintenance. A wide range of cable management accessories is available to ensure perfect management of copper, fiber cables and other 19" equipment.
