

ARTICONA is Bechtle's own brand of IT accessories for the modern workplace and stands for quality and reliability in everyday business.

HDMI High Speed with Ethernet 4k60 Hz

Article number: see below

The HDMI Ultraflex cable from ARTICONA is very flexible and ideal for installations that require repetitive movement like in a ceiling projector lift, lectern, rotating monitor etc. The Ultraflex cable is 10 times more durable than a standard cable. It can also be used in various industries where space is limited. The cable is fitted with connector moulds with RF shielding. It's one of the best HDMI cables currently on the market, providing 2160p resolution over up to 20 m without an amplifier.

- Highly flexible round cable for optimum picture quality
- Resolution up to Ultra HD, 4096 x 2160, 4k2k
- Gold-plated connectors and contacts
- Suitable for highly mobile use

Specifications
