

58.652

ViewLite Plus Monitor Arm 652

The 652 utilises a dual base adapter to effectively mount two ViewLite Plus 58.622 monitor arms. This creates a dual screen/device configuration that is both height and depth adjustable.

- Dynamic height adjustment with a 240mm range
- Stepless depth adjustment
- Comes with both bolt through desk and desk clamp
- Suitable for desktop thicknesses of up to 40 (clamp) or 50mm (bolt through)
- Rotate 360°, tilt +90°/-55°, swivel +65°/-65°
- Easily mounted and adjusted
- Compatible with VESA patterns 75x75/100x100mm MIS-D
- Includes advanced and practical Quick Release VESA system
- Max. weight capacity 7kg/monitor (up to 24"/24"W)
- Main components produced from aluminium
- Integrated cable management
- Monitor rotation lock can be enabled
- Possible to set swivel limit to +65°
