

Hama "MIC-USB Stream" Microphone for PC and Notebook, USB

Microphones | Deskop Microphone

00139907

- Allows podcasts, voice-overs or streaming, e.g. on Skype, Twitch, YouTube and Facebook
- Tripod can be used universally as a basic version with the microphone clamp or as a studio version with a microphone spider
- Flexible pop filter for interference-free recordings: Air movements in the environment and as a result of human speech are attenuated
- Tilt adjustment allows the position to be adjusted for greatest comfort
- Ergonomic shape fits pleasantly in the hand
- Secure position thanks to stable tripod with adjustable inclination
- Suitable for all notebooks and PCs thanks to USB connection
- 2-metre-long cable ensures sufficient freedom of movement at the desk and workstation
