

Lenovo ThinkCentre

Powerful and flexible for intense data-crunching tasks, the Lenovo ThinkCentre M70s Gen 5 small form factor desktop is designed to boost productivity while saving time, effort, and desk space. Lenovo's innovative technology elevates the user experience with new AI-accelerated features that optimize CPU performance, fan speed, and energy use. Because it's easily expandable with the specific components you need, this ultrafast and ultra-responsive device can grow along with your business. Plus, device collaboration is a snap with the optional Smart Cable, allowing you to share device control, data, and screen projection.

Powered by Intel vPro® Enterprise with up to Intel® Core™ i7 processors to tackle the most demanding functions, this Lenovo ThinkCentre provides a world-class business PC solution. Experience next-level content creation, thanks to Intel® UHD 770 graphics or optional Intel® Arc™ A310 graphics for unhindered creativity. Multitask with ease—and peace of mind—with the ability to connect up to four displays, all while Lenovo ThinkShield has you securely covered with end-to-end protection.

AI ACCELERATION

Lenovo's innovative AI-accelerated features enhance performance, taking this business essential to a whole new level of smart. As you check every task off your daily to-do list, this Lenovo ThinkCentre prioritizes power usage, allocating the boost you need when and where you need it—always learning along the way. And your device will stay as cool as you are, with the new fan speed control algorithm, which improves your temperature and noise experience. Even power consumption is optimized, enhancing per-watt energy performance for improved sustainability. With our Sustainability Services, Lenovo embeds sustainability into every stage of the device lifecycle, from design and manufacturing to use and return.

PROVEN PERFORMANCE

Powered by Intel vPro® Enterprise with Intel® Core™ i7 processors, this Lenovo ThinkCentre lets you do more with less. Plus, support for discrete graphics processing can further boost productivity and heighten creativity. With up to 64GB DDR5 memory and up to 2TB storage, you'll multitask with ease and efficiency, handling complex data operations, number-crunching, and graphic projects—all at an amazing value. To ensure IT readiness from day one, Lenovo Deployment Services provide a flexible and efficient experience across the organization.

TRUSTED SECURITY

Lenovo ThinkShield security offers a combination of hardware and software solutions to protect your data—and your business. The dTPM 2.0 chip encrypts your passwords and data, while BIOS-based Smart USB protection prevents unauthorized access via peripheral. The Kensington™ Lock slots, chassis e-locks, and more options provide physical theft security. This affordable device paired with Intel vPro® Enterprise provides active hardware-based multilayer security right out of the box, helping protect your personal and business resources.

EXPANDABLE PRODUCTIVITY

This Lenovo ThinkCentre offers ample ports and an expansion slot to meet your multitasking needs. For innovative device collaboration, the Smart Cable provides easy USB-A and USB-C connection to support all your peripherals, even another laptop or tablet. Share device control, data, even screen projection between devices with this intelligent feature that supports USB 3.2 data transfer speed. With a variety of pre-installed OS options to meet your customization needs, this impressive device is easy to deploy and easy to manage from both a software and hardware standpoint. Looking for flexible support? With Premier Support Plus, Lenovo engineers are available 24/7/365 for the ultimate IT support experience.

Lenovo Services

Partner with Lenovo to implement more sustainable, cost-efficient practices across the device lifecycle and make a meaningful difference in how you use technology.

LENOVO PREMIER SUPPORT PLUS

Resolve issues quickly with easy break/fix support with 24/7/365 access to Lenovo expert engineers for a seamless remote fix, boosting productivity, device longevity and supporting circularity. AI-powered proactive and preventive alerts provide insights before issues arise. Benefit from next-business-day onsite labor and parts prioritization*, Accidental Damage Protection for mishaps such as drink spills, Keep Your Drive, and more.

LENOVO CO₂ OFFSET SERVICES

Lenovo's CO₂ Offset Service makes offsetting carbon emissions simple and within the control of the customer. We offset the carbon emissions across the average lifecycle associated with each of our devices by providing the option at point of purchase. These offsets help support climate action projects verified by United Nations, Gold Standard®, and Climate Action Reserve.

LENOVO ASSET RECOVERY SERVICES

Lenovo's Asset Recovery Services (ARS) enables secure destruction of data, helps reduce e-waste, and offers a fair market value for your end-of-life IT assets. The service also supports equipment from any manufacturer including PCs and tablets, monitors, servers, phones, printers, copiers, and networking equipment.

Accessories

Lenovo ThinkVision T24i-30

Seize every day with this ample 23.8" FHD IPS screen with 99% sRGB color accuracy. Its 3-side NearEdgeless bezel design delivers 90% STB ratio, and the fully flexible stand provides maximum ergonomic comfort. Expand functionality with the connectivity hub, including multi-monitor support, to optimize multitasking productivity.
