Whether your team is working from home, the airport lounge, or a coffee shop, laptop locks are a must-have if you want to secure your equipment and make sure no one gets a hold of valuable or private information. The Ultimate Universal Resettable Combination Lock is the ideal security companion because the locks are easy-to-use and easy to carry with its slim size, making them great for slim devices. The lock attaches to most major lock slot designs like Kensington T-Lock®, Nano® & Noble Wedgeloek® at a twist of a dial, ensuring your laptop, docking station, or monitor stay right where they need to be.

The universal fit paired with the combination lock means no more worrying about losing interchangeable heads or keys, ideal for modern professionals with a range of devices and equipment. Plus, its 4-digit resettable lock provides up to 10,000 different combinations for you to select, even further safeguarding your equipment from attempted combination guesses.

The unique adaptive lock head can even be rotated a full 360 degrees, which helps with usability, while its 2 m (6.5 ft) cable of galvanised and sleeved steel makes it cut-proof and rust-resistant, yet flexible for simple installation. Wherever the workday may be, the Targus DEFCON® Ultimate Universal Resettable Combination Lock with Adaptable Lock Head can give you peace of mind to ensure your expensive equipment stays safe.
