Warranty	Lifetime / 30 years
EAN	7640239423381

The SEVEN toploading bag is designed for professional users who value efficiency and reliability; it combines decades of expertise with future-oriented innovations to make mobile working safer, smarter and more sustainable. <break>Designed for premium protection and practical functionality, the bag features DICOTA Cushion Technology for maximum device security, built-in RFID shielding to protect sensitive data, and a dedicated tracker compartment for added security. The classic top-loading design allows quick access to your notebook and documents, while cleverly textured compartments neatly organize accessories. Comfortable, padded carrying handles ensure easy transport during business and travel trips. <break>What makes the SEVEN Toploading Bag special is its sustainability inside and out. Both the exterior and interior are made of high-quality rPET materials, which give recycled plastic bottles a second life while providing the robustness and premium finish you expect from DICOTA. <break>The result is more than just a bag - it's the new benchmark for mobile protection: durable, functional and sustainable, without compromise.<break><break>

As a leading brand for premium carry solutions, we are consciously aware of our social and ecological responsibility - "from people for people".
