

14.3" 2.4K display powered by NXTPAPER 3.0

The vast 14.3" 2.4K display transforms viewing into an epic journey, enveloping you in vivid and expansive visuals; With a paper-like look and feel, the NXTPAPER technology of TUV certified low blue light was upgraded to 3.0 for extra eye comfort -- DC dimming ensure a non-flickering screen for comfier viewing feel; the innovation-driven NXTPAPER UI was introduced to let users enjoy a brand new experience between color paper & classic ink paper styles.

Ultra-expansive screen for all-day use

With the 14.3" 2.4K display, you can immerse yourself in a visual spectacle unmatched by other tablets, while quad stereo speakers and Smart PA deliver a rich, all-around auditory experience. Stay powered for any adventure with our tablet's 10000mAh battery and 33W PD fast charging. Ideal for movie marathons, long gaming sessions, or day-long workshops. You can use it to watch video for 9 hours and it can recharge in a flash.

Unlimited Space for Your Digital World

Store all your favorite movies, music, and cherished photos with ease on the 256GB ROM, never worrying about running out of space. Plus, with 8GB of RAM and our RAM Expansion technology adding another 8GB, you can smoothly run multiple apps simultaneously for a more versatile experience.
