

Mini-DP 1.2 to DP 4K60 / HDMI 4K30/DVI Adapter

Part No.: 41039

Description

- Mini DisplayPort 1.2 input
- Supports resolutions up to:
- HDMI 1.4 Output: 4K UHD 3840x2160p30
- DisplayPort 1.2 Output: 4K UHD 3840x2160p60
- DVI-D Output: WUXGA 1920x1200p60
- HDCP & DPCP Compliant
- 2 year warranty

This Mini DisplayPort converter offers a cost-effective solution for connecting a DVI, HDMI or DisplayPort equipped high definition or ultra high definition monitor, projector, or LCD to a MacBook Pro, MacBook Air or other Mini DisplayPort equipped device. You can now watch movies, view pictures and more on a larger, high definition display.

Note: Only one output channel may be used at a time
