PCMCIA to Compact Flash Adapter

Product ID: CB2CFFCR

The PCMCIA to CompactFlash adapter inserts into any PCMCIA (type II) form factor slot. The PCMCIA adapter is also fully compatible with all CompactFlash cards that conform to the Type I standard.

Plug-and-Play

Simply insert the card into the adapter and it becomes a "plug and play" memory card, no drivers required. The CompactFlash PCMCIA adapters is compatible with any device that supports the PC Card slot standard. The PCMCIA CF card adapter also allows you to use CompactFlash cards to be used just like an external drive.

Expanded Storage

With the CompactFlash PCMCIA adapter you'll get all the space you need to transfer and store anything you need on your PC. You can easily swap between CompactFlash cards for backups or data transfers between machines without the hassle of disassembling your device.

The Choice of IT Pros Since 1985

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

The CB2CFFCR is backed by a StarTech.com 2-year warranty and free lifetime technical support.
