Lenovo Multi-Device Wireless Mouse (X9 Edition)

The smart choice for productivity.

Unlock new heights of productivity with the Lenovo Multi-Device Wireless Mouse (X9 Edition). Its rapid-charging Qi or USB-C battery promises relentless power performance. Featuring a portal button for AI Now as well as programmable side button, you'll enjoy unparalleled efficiency. Designed ambidextrously, it flawlessly supports any grip preference, ensuring both right and left-handed mastery with intuitive button swaps.

Why you need the Lenovo Multi-Device Wireless Mouse (X9 Edition)

Unmatched pairing & precision

Seamlessly integrate your tech by connecting up to three devices via USB-C and Bluetooth® with Swift Pair for smooth transitions. This impressive mouse offers versatile connections through the Lenovo USB-C Receiver and delivers precision and adaptability on most surfaces, thanks to its advanced blue optical sensor.

Power-packed charging

Keep going without missing a beat, with a lightning-fast rechargeable battery offering up to 3 months of use from a quick 1.5-2 hours charge. Whether you prefer wired USB-C or crave cutting-edge wireless Qi charging, the Lenovo Multi-Device Wireless Mouse (X9 Edition) delivers exceptional convenience.

AI NOW integration

Designed with innovation at its core, this mouse features an adaptable DPI sensitivity and a multifunctional AI NOW button. When connected via Bluetooth® or receiver, the side button triggers AI NOW: a short press activates quick AI actions on selected text, and a long press opens a Quick Chat window. With a dongle and LADM installed, the button is customizable.
