## LAPTOP MONITOR LIGHT

### SPECSHEET

Laptopbar

BenQ offers a variety of desk lamps that have been specially designed to meet the requirements of modern working environments. BenQ's desk lamps are characterized by their elegant design and innovative technology that improves both the working environment and the user's health and well-being.

Brighten up any space - With the LaptopBar, a light bar for your notebook, you can work creatively anywhere. By running 20 million simulations, our team developed a 3D ambient light. This design ensures sufficiently centered brightness and soft ambient lighting, effectively minimizing contrast.

#### PRODUCT HIGHLIGHTS

- The foldable arm of the LaptopBar is height-adjustable and offers you maximum flexibility
- Centering the light cone on a specific area for maximum focus
- The personalized auto-dimming function

## THE IDEAL LIGHTING SCENARIO FOR YOUR WORKSPACE

Optimal light everywhere: The lightweight construction and magnetic design of the LaptopBar ensure mobility and easy installation and provide ideal lighting for working indoors and outdoors.

## AUTOMATIC DIMMING

The LaptopBar remembers your brightness settings and adapts them intelligently to the ambient lighting.

## THE FIRST ADJUSTABLE LIGHT BAR

The foldable arm of the LaptopBar is height-adjustable and offers you maximum flexibility.

## PUT YOUR WORKPLACE IN THE RIGHT LIGHT

Intelligent ambient light sensors ensure a light intensity of 700 lux. The LaptopBar is more than just a light. It prioritizes your eye health by reducing light differences between your laptop and the environment.
