

Mobile information board MAULstandard

- **For price-conscious people**
- **Designed by MAUL:** Developed and constructed in our national plant
- **3-year guarantee**
- **For mobile use:** Light to carry, easy transport due to dismountable legs, quick and easy mounting
- **Convenient:** The legs can be turned by 90° if something is in the way or for place-saving storage along a wall
- **Versatile:** Can be used as partition wall
- **Stable:** Light grey (RAL 7035) powder-coated steel profile, thickness approx. 1,5 mm, suitable for magnets to fix notes or presentation cards
- Table dimensions: 150 x 120 cm (H x W), total height approx. 191 cm, usable on both sides
- Solid: Surfaces on a 15 mm thick, dimensionally stable core made of triple-crossed corrugated cardboard layers using sandwich construction
- Adjustable feet made of powder-coated steel tubing in light gray, with plastic floor protectors
- Felt: pinnable surface of high quality felt, self-healing for permanent use
- Packaging made of cardboard containing at least 80% recycled material
