

Power Strip

00223151 Power Strip, 3-Way, Overvoltage Protection, Switch, 1.4 m, black

Highlightstext:

- Multi-socket power strip for connecting up to three electrical devices
- Integrated voltage surge protection protects against voltage peaks, static charges and indirect lightning strikes
- Red pilot light: optical function display for the voltage surge protection
- Green pilot light: optical indicator of the protective earth function (earthing)
- With increased touch protection to avoid accidental contact
- Two-pole, On/Off switch illuminated in red, ideal for switching off devices that are not required or on standby
- Strain relief and kink protection on the plug and on the socket strip protect against cable breakage
- Socket inserts rotated by 45°
- 3 earthed contact sockets

Note for Consumers:

If the green pilot light on the earth wire does not light up after being switched on, the socket to which the strip is connected is not earthed. Do not connect any further devices to the socket and contact a qualified electrician.

If the red pilot light on the overvoltage protection does not light up after being switched on, the overvoltage protection is no longer intact. Connected devices are no longer protected.

Technical characteristics:

- Colour: Black
- Shade of colour: Black
- Connection: Socket with Earth Contact
- Mains Specification: 16 A
- Maximum Connected Load: 3680 W
- Maximum leakage current: 6000 A
- Operating Voltage: 250 V
- Type of Cable: H05VV-F3G1,5
- maximum total leakage: 12000 A
- Function: Switch
- Material: Plastic Material
- Number of Wires: 3
- Cable Length: 1.4 m
- Wire Cross-Section: 1.5 mm²

Delivery:

- 1 power strip
- 1 instruction manual
