on each microphone

The **RX40 Audio Bar** is an intelligent USB-powered external speaker with two satellite microphones. It is especially designed for medium to large rooms, with superior audio performance for capturing every detail of a meeting.

With its superb audio quality, scalability and plug-and-play installation, the RX40 Audio Bar links today's office and remote workforces quickly and effectively.

- ✓ Utilizes plug-and-play simplicity to provide a productive experience by converting your conference into an immersive event where all participants feel as if they are in the same room.
- ✓ A powerful and comprehensive audio solution which is ideal for medium to large conference spaces.
- ✓ Stereo speakers and a subwoofer make calls and video conferences clear and powerful.
- ✓ Two satellite microphones with 6m cables cover a range of up to 10m for an unbeatable meeting room audio experience, while inbuilt DSP noise reduction prevents irritating echoes and background noises.
- ✓ Part of the RXV100-B42 and RXV200-B40 bundles.
