- Patented master key information retrieval process via DEFCON® portal.
- 360° rotating head for easy and versatile fitting
- Tough, cut-proof 2 m (6.5 ft) galvanized steel cable
- Ships with 25 locks, ideal for small & medium businesses (SMB) or enterprise level equipment lists.

Whether you're working from home, the airport lounge, or a coffee shop, laptop locks are a must-have if you want to secure your equipment and make sure no one gets a hold of your information. The Targus DEFCON® Ultimate Universal Keyed Cable Lock with Adaptable Lock Head is your ideal security companion because it's easy-to-use and easy to carry with its slim size, making it great for slim devices. It attaches and adapts to most major lock slot designs like Kensington T-Lock®, Nano® & Noble Wedgelock® at a twist of a dial, ensuring your laptop, docking station, or monitor stay right where they need to be.

The universal fitting adaptive lock head also means no more worrying about losing interchangeable heads, ideal for modern businesses or professionals with a range of devices and equipment. The unique adaptive keyed lock head can even be rotated a full 360 degrees, which helps with usability, while its 2 m (6.5 ft) cable of galvanized and sleeved steel makes it cut-proof and rust-resistant, yet flexible for simple installation.

Each lock in this 25 pack is supplied with 2 keys along with a customisable number of Master Keys (ASK95MKGLX-2). Master Keys are shipped separately for maximum security and number of keys is tailored to your needs depending number of devices, employees and office locations. Plus, thanks to Targus's patented online DEFCON portal it is easy to retrieve Master Key information if they are lost or damaged, Ideal for the modern SMB or enterprise.
