00139993 Webcam with "C-800 Pro" Ring Light, QHD with Remote Control

Highlightstext:

- Creating images and videos on the notebook / PC and ideal for streaming or chatting with various instant messaging applications (such as Skype, Teams, Zoom)
- QHD wide image resolution (2560 x 1440) for shots with maximum image and sound quality
- Built-in ring light delivers even illumination: brightness and colour temperature can be adjusted in multiple stages via the touch control
- Control of the zoom function, vertical and horizontal shift of the image area via remote control and switching of the camera and microphone on and off
- Magnetic lens cover protects against spy attacks by hackers
- During the live stream, the camera and microphone can be disabled via remote control
- Vertical angle of tilt can be flexibly adjusted, making it ideal for showing documents or models on a table, for example
- Integrated microphone allows Voice over IP, e.g. Skype, Teams, Zoom and YouTube
- A firm footing on location: thanks to the 1/4" thread, can be mounted onto all common tripods
- Auto-focus guarantees a sharp image, even with movement
- Lighting adjustment for optimised image quality, even in difficult lighting conditions
- Stereo microphone for clearly comprehensible speech transmission
- Remote control for controlling zoom and image area (in 1080p/720p); webcam and microphone can be activated and deactivated during the live stream
- Illuminated ring with customisable brightness and colour temperature for a better streaming, chat and gaming experience
- Webcam with magnetic switch: when the magnetic lens cover is removed, the ring light switches on automatically and off again when the cover is replaced
- Stand / clamp foot for mounting on TFT and notebook screens with 1/4 inch thread
- Plug & Play: driver-free installation thanks to UVC
