Acer PD1510ic

APPROPRIATE ACCESSORIE (NOT INCLUDES IN DELIVERY)

Universal Ceiling Mount short

Easily mount your projector to the ceiling with 360° rotation and up to 25° tilt.

Universal Ceiling Mount long

Easily mount your projector to the ceiling with 360° rotation and up to 25° tilt.

### Instant Pack

InstantPack guarantees the lamp safety of Acer ColorBoost projectors. The current lamps from renowned manufacturers such as Osram and Philips are not damaged in the event of a sudden loss of power. (Acer recommends that the projector be powered until the fan stops) The lamp warranty is 1 year with no hour limit.

### Rec. 709

Rec.709 is the first worldwide uniform standard for HDTV (High Definition Television). By complying with the Rec.709 standard, the projector is able to reproduce any high-definition content, whether it is a television signal, Blu-Ray content, content from video platforms, camcorders or cameras, in the original format and with the same quality.

### Auto Shutdown

The Auto Shutdown function automatically shuts down the Acer projector, if no input signal is received after a preset time. This function can be set individually via the menu and helps to save power and lamp hours.

### Wireless Projection

Acer Wireless Projection: Never lay cables again! The included Acer Wireless Adapter allows you to project wirelessly and saves you the hassle of laying HDMI or VGA cables.\* Project content from your notebook, smartphone or tablet in seconds without any loss of quality! \* Depending on model. If the Acer Wireless Adapter is already included with your projector, you can find it in the "Optional Accessory" section.

### Auto Focus

Projecting has never been so easy: thanks to Auto Focus technology, you can place your projector on the table and turn it on, with the image automatically and instantly coming into focus. This saves you valuable time and gives you maximum installation flexibility.

### Instant On/Off

Unlike conventional lamp-based projectors, there is no need to warm up or cool down the device. The user can switch off the projector and then immediately disconnect the power cable without damaging the device, saving time.

### LED light source

The environmentally friendly LED light source is mercury-free, long-lasting and energy-saving. It enables vivid colors and long-lasting brightness stability. The LED light source enables an incredible service life of 30,000 hours and therefore 10 years with 8 hours of use per day.
