## Adapter USB 3.0 C/m - HDMI+USB+Audio

Article number: 4459404

The portable adapter is specially optimised for the iPad Pro. Connect your HDMI display, USB 3.0 device, headset and charger with only one USB-C port. The chipset with optimally adapted firmware enables you to connect your iPad Pro to a display with a resolution of up to Ultra HD 4K at 60 Hz and simultaneously transfer data at USB 3.0 speed. The glossy housing is compact, slim and portable. The universal adapter can also be used with Windows and Android devices delivering up to 4K resolutions at 30 Hz.

- Supports HDMI resolutions of 3840 x 2160 pixels at 60 Hz (for iPad Pro) or 30 Hz for others
- Power Delivery of up to 100 W
- Audio with stereo output and microphone support
- Built-in cable (0.07 m)

### Specifications
