

Trapezium Wrist Rest Compact

 BAKKER ELKHUIZEN

Work Smart - Feel Good

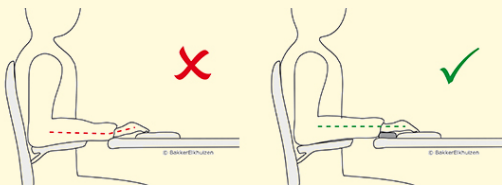

The perfect wrist rest for today's keyboards

The Trapezium Wrist Rest Compact supports the wrists and hands so they maintain a natural position.

The compact version of the Trapezium is for compact keyboards and measures 13 inches.

When working with a keyboard and mouse it is important that the arm is sufficiently supported. A wrist support helps to keep the wrist straight during typing and can be used "to rest" for a moment during one's work.
