PC Mount

Article number: 838551

Sturdy metal holder for installing a PC under your desk. The PC is held in place by soft pads, and the holder can be adjusted to fit different PC sizes. The metal construction holds up to 30 kg in weight. The holder's height can be adjusted from 340–490 mm and its width from 160–220 mm. It also rotates 360° to give you full access to the back of the PC.

- For installing a PC under your desk
- Extremely sturdy for loads up to 30 kg
- Rotates 360° for easy access to back of PC
- Suitable for nearly any PC
- Height adjustable from 340 to 490 mm
- Width adjustable from 160 to 220 mm
