KEEPING IT COMPACT AND COMFORTABLE

At 18.9mm and 1.7kg/3.7lbs., ThinkPad E15 Gen 2 *i* grabs your attention with its thinner and lighter build and premium aluminum finish. Get a screen-to-body-ratio of 85% on a 15.6-inch display, which means more screen real-estate in the same form factor. Moreover, a low blue light option on E15 ensures that you work efficiently without straining your eyes.

ENHANCED UX WITH A SMARTER PC

The E15 is equipped with smarter features like an AI-based noise canceling algorithm that reduces ambient noise, enabling productive meetings. You can also choose between different modes and the device decides to pick up or cancel ambient sound, based on the meeting's requirement. The PC also intelligently maintains the optimum temperature even when you run heavy-duty tasks.

MEETINGS MADE CONVENIENT

Skip the hassle of searching for earbuds or untangling your earphones with integrated wireless earbuds on E15 that slide into the Versa Tray¹. The Bluetooth-enabled earbuds auto-connect to the PC as soon as the tray pops out and allow for more than 2 hours of uninterrupted phone calls with 70% volume. Dual-mic Environmental Noise Cancellation (ENC) with two taps to mute and unmute make for productive meetings.

AMPLIFIED CONNECTIVITY

Accessorize your PC by connecting to multiple devices through a range of input/output ports. Speed up your transfers to as much as 40Gbps with Thunderbolt™ 4 port. Multiple ports such as USB 3.1, USB 2.0, HDMI, and RJ45 let you connect to a range of peripherals and add versatility to E15.
