

Lenovo ThinkPad

Engineered to deliver modern design and inspiring performance at impressive value, the durable Lenovo ThinkPad E14 Gen 6 is the perfect tool for the hybrid workforce. Built on the AMD Ryzen™ 7000 Series processor, this notebook augments office productivity and collaboration while propelling mobility with its excellent battery life. Two SODIMMs and dual SSDs improve flexibility, allowing for configuration and expansion to meet your needs. Plus, thanks to the ability to upgrade RAM and storage for an extended lifespan, this device can adapt to your increasing work demands over time. Lenovo's built-in AI enhancements further optimize productivity, with smart features like AI-based background blurring, auto-framing, digital avatar, and noise cancellation.

Get ready for a next-level audiovisual experience, as this Lenovo ThinkPad boasts a 16:10 display at a 90.4% screen-to-body ratio, an FHD RGB camera with vHDR, and immersive audio with Audio by Harman. The new keyboard experience puts remarkable efficiency at your fingertips, including a larger touchpad and the TrackPoint Quick Menu function for convenient menu access with a simple double tap of the iconic red dot. And an improved thermal design means this on-the-go device stays as cool as you are, wherever the day takes you.
