

Motion Detector

00176671 Smart Motion Detector, Zigbee, Push Notification, App

Highlighttext:

- Motion detector for monitoring rooms, corridors or other areas or for smart lighting control
- Step by step to the Smart Home: with the Hama Home app and motion detector, lots of automation devices can be programmed for a secure and comfortable home with other smart home products, e.g. with a smart alarm siren, WLAN lamp, surveillance camera
- Whether it be the sofa or the sun lounger: you have control over your home anytime and anywhere and receive push notifications via the Hama Home app as soon as the motion detector detects movement
- Easy automation with the Hama Home app: combine a smart motion detector with a separate siren, for example, or only activate it at certain times
- Infra-red motion detector for integration into your own WiFi network via the free "Hama Home" app
- Gateway required: simply add via the Hama Smart Home hub (item No. 00176637) or central control unit on the Hama heating control
- High compatibility: works with Amazon Alexa, Google Assistant, Siri Shortcuts, iOS and Android. Can also be connected to all Alex and Google Assistant-compatible smart home products from other manufacturers
- Can be used as an alarm or to switch on lights, for example
- Integrated manipulation protection (vibration detection)
- Push notifications for alarm messages and low battery status
- Very low consumption
- Voltage supply via a battery (CR123A)
- Can be mounted almost anywhere

System Requirements:

- Operating system: Android 8.1 and iOS 16.1 or later

Note for Consumers:

To integrate the smart motion detector into the WiFi network, a Zigbee-compatible smart home hub is required (not included in the extent of delivery), e.g. Hama Smart Home Hub (item No. 00176637) or the central control unit of the Hama heating control.

Amazon Alexa/Google Assistant:

To do this, the Alexa skill "Hama Smart Home" must have been activated in the Alexa App/"Hama Smart Home" service must have been activated in the Google Home App. The user account for the Hama Home app is then connected Alexa / Google.

Or use a Matter-enabled smart home hub such as 00176637.

This allows the devices to be controlled via voice control (switching on/off).

Technical characteristics:

- Colour: White
- Shade of colour: White
- Max. Range: 20 m
- Signal Transmission: Zigbee
- Material: Plastic Material
- Battery Type: CR123A
- Number of Batteries: 1
- Power Supply: Batteries
- App Control: Hama Home
- Recommended Use: Home Assistant

Delivery:

- 1 smart motion detector

Motion Detector

00176671 Smart Motion Detector, Zigbee, Push Notification, App

- 1 wall bracket
- Mounting hardware
- 1 CR123A battery
- 1 quick-start guide
