

WLAN Camera

00176646 Surveillance Camera, WLAN Outdoor Camera, Recording, Night vision, 1080p, b

Highlightstext:

- With the surveillance camera, monitor outdoor areas such as the house, courtyard, garden, patio or garage via app and voice control and create a secure and comfortable home with alarm scenarios, for example in combination with other Smart Home products
- WLAN surveillance camera responds to movements: if the camera detects movement, you can be notified via push notification or automatically trigger recording
- Detailed images in the dark: during the night, infra-red night vision means you can still rely on camera surveillance
- Communication from anywhere: the microphone and speaker allow contact via the WLAN camera and smartphone or tablet, like an intercom system
- Razor-sharp images: whoever is creeping around your property, with images from the outdoor camera in Full HD 1080p, you'll spot everything and everyone
- More local memory completely without the cloud thanks to the microSD card slot: memory cards of up to 128 GB offer plenty of space for extensive video recordings, so no surveillance material gets lost
- Whether it be the sofa or the sun lounger: with the Hama Smart Home app and WLAN camera, you have control over your property, garden and front door at all times, no matter where you are
- Whether it be Amazon Alex, Google Assistant or Apple Siri: easily display the live image from the WLAN outdoor camera on devices with a screen using voice controls
- Our surveillance camera works without any gateway (hub): you don't need an additional device, and you save on extra costs since the camera establishes a direct WiFi connection with the router
- Step by step to the Smart Home: with the Hama Smart Home app, you can expand and network your smart home with any number of Hama Smart Home products
- Simple installation on your own WiFi network: since no hub is required, your devices can be set up in just a few minutes
- High compatibility: works with Amazon Alexa, Google Assistant, Amazon Echo Show and Google Nest Hub, iOS and Android. Can also be connected to all Alexa and Google Assistant-compatible smart home products from other manufacturers
- The perfect start: the WLAN surveillance camera is ideal for intelligently upgrading apartments or houses
- Live view: monitor with real-time video what's happening around the house or garden
- Audio detection with 2-stage adjustable sensitivity (high/low): When there is a sound, the WLAN camera sends a push notification to the smartphone
- Additional security thanks to optional cloud video storage (chargeable)
- For outdoors (IP 65): protected against dust and water, the outdoor camera can be attached without concern and discreetly to façades
- Multi-user functionality: multiple users can access the outdoor camera at the same time - handy when you're on holiday, for example
- The security camera can be used to deter burglary and vandalism, but also to watch over children playing in the garden, pets or horse stables
- Voltage supply via the supplied power supply unit
- Your data is stored exclusively on German servers

System Requirements:

- Operating system: Android 6 and iOS 11.0 or later

Note for Consumers:

Amazon Alexa/Google Assistant:

To do this, the Alexa skill "Hama Smart Home" must have been activated in the Alexa App/"Hama Smart Home" service must have been activated in the Google Home App. The user account for the Hama Smart Home app is then connected Alexa / Google. It allows the video display of the WiFi camera to be shown when an Amazon / Google loudspeaker with screen is being used.

Technical characteristics:

- Colour: Black/Silver

WLAN Camera

00176646 Surveillance Camera, WLAN Outdoor Camera, Recording, Night vision, 1080p, b

- Shade of colour: Black, Silver
- Signal Transmission: WiFi
- Frame rate: Max. 25 Pictures per Second
- Frequency Range: 2.4 GHz
- Memory Capacity: 128 GB
- Resolution: 1920 x 1080 (Full HD)
- Storage Medium: CLOUD/microSD/microSDHC
- Wireless Encryption: WPA2
- Additional Functions: Night vision
- Angle of coverage: 110 °
- IP protection class: IP65 (protection against dust entry and continuous rain)
- Sensors: Audio sensor, Motion Sensor
- Special Feature: Built-In microphone
- Voice Assistant: Amazon Alexa (AVS), Apple Siri (Shortcuts), Google Home
- Depth: 8 cm
- Height: 13.2 cm
- Width: 8 cm
- Power Supply: Power Adapter (12V)
- Recommended Use: Home Assistent

Delivery:

- 1 surveillance camera (fixed cable: 47 cm)
- 1 12 V / 1 A power supply unit (fixed cable: 147 cm)
- 1 quick reference guide
