

# DisplayPort to HDMI Video Adapter Converter

Product ID: DP2HDMI2

The StarTech.com DP2HDMI2 DisplayPort® to HDMI® Adapter lets you connect an HDMI-enabled display or projector to a DisplayPort out port from a computer (desktop or laptop), eliminating the expense of having to upgrade your display for DisplayPort compatibility.

The adapter supports display resolutions of up to 1920x1200, allowing you to take full advantage of HDMI video capability.

DP2HDMI2 is a passive adapter cable that requires a DP++ port (DisplayPort++), meaning that DVI and HDMI signals can also be passed through the port.

This adapter allows for audio pass-through if supported by the video source. Please review the video source manual to confirm support.

Backed by a StarTech.com 3-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays
- Keep your existing HDMI® monitor to be used with your new DisplayPort® device
- Ideal for using your HDMI monitor as a secondary display

### Features

- Supports PC resolutions up to 1920x1200 and HDTV resolutions up to 1080p
- Latching DisplayPort® connector ensures a solid connection
- Easy to use cable, no software required
