### ERGONOMIC DESIGN

Ergonomic design allows easy adjustment of the monitor's height, tilt, rotation and swivel, increasing efficiency in an ideal, comfortable user environment. See the whole picture and enjoy images in their full context.

### USB-C

Switch from a laptop to a desktop with a single USB-C cable. The GW2790QT can transfer data, video, and audio while delivering 65W of power. With all peripherals connected to the monitor's USB hub, you only need one USB-C cable to connect the laptop to the monitor to make all devices work for you.

### EYE-CAREU

Leave it to the compatible Eye-CareU software on the GW2790QT to remind you of time, lighting, and distance from the screen while you focus on what you do best. Pop-up access acts as an assistant, allowing quick navigation and adjustment via on-screen quick controls.
