Full LED Keyboard White

Article number: 947737

This waterproof, hygienic and thoroughly cleanable keyboard is designed for special use in particularly demanding environments. Designed for industrial use (construction sites, production, joineries) and the medical sector. Not ideal for fast or permanent typing (continuous text). This keyboard is easy to clean and disinfect, so you can keep it free of dust, dirt and splashed liquids. Now features dimmable backlighting and a touch pad to control your mouse on the screen.

- Waterproof, LED-backlit keyboard
- Designed for industrial use (construction sites, production, joineries) and the medical sector
- Not ideal for fast or permanent typing (continuous text)
- Full size with numeric keypad
- Silicone surface protects against liquids
- Compatible with Windows
