

The Ergotron logo is displayed in white, italicized, sans-serif font on a black rectangular background. This background is centered within a series of overlapping, semi-transparent light blue and grey geometric shapes that resemble stylized arrows or chevrons pointing to the right.

## LX Desk Dual Direct Arm

- Increases viewing comfort: Helps reduce eye, back and neck strain
- The low-profile monitor cross-bar provides a compact range of motion
- Easily move two monitors simultaneously
- Each monitor has individual up/down tilt
- Position LCD screens for maximum ergonomic comfort—promotes wellness in any work area
- Free up your desktop to increase your workspace
- Easy to use—simple installation and effortless operation
- Patented CF™ motion technology provides premium ease-of-use display adjustment
- Passes Ergotron's 10,000-cycle motion test, which ensures years of trouble-free height adjustment

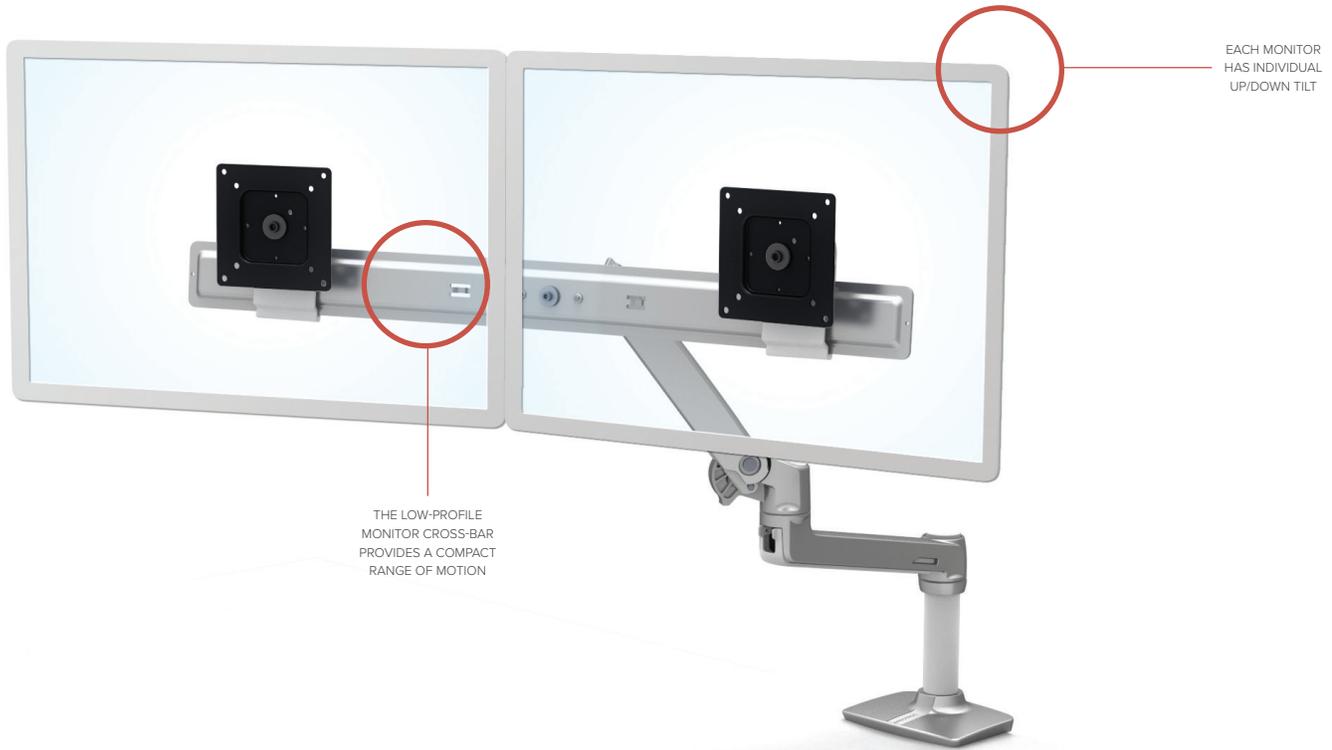

### COMPACT DUAL MONITOR ARM

Create a fully adjustable side-by-side monitor configuration that lifts both LCD screens simultaneously to where they're easier to see while reclaiming valuable desktop space.

Reposition your LCDs with just a touch. Up. Down. Forward. Back. The low-profile monitor cross-bar provides a compact range of motion that is suitable for most desks.
